

Teach Traditional Land Management

Presented by Kirsty Costa - Cool Australia, Cool Australia, This course is FREE with Online Subscription

Teach Aboriginal Cultures and Histories in Years 7 to 10 Geography by exploring traditional fire-stick land management techniques.

Format: Short Online

Audience: Year 7 to 10 Geography teachers, casual relief teachers and beginning teachers

Description

Explore Aboriginal Cultures and Histories in Year 7 to 10 Geography by investigating fire-stick land management techniques. You'll find out about the tropical savannah of Northern Australia and how Indigenous rangers use fire to manage the land. You'll explore the benefits of fire techniques. You'll also learn how to help your students research local land management.

Watch videos and explore a range of teaching resources, documents and websites that you can use straight away. Download a course handout to refer to anytime. Once you've completed the course, you will be able to teach Year 7 to 10 Geography students about traditional land management and share your learning with others.

Sessions

1. Introduction

10 minutes

Introduce yourself to the course group and learn about the difference between Welcome to Country and Acknowledgement of Country.

2. Using Fire

50 minutes

Meet John Daly, traditional land manager at Fish River Station in the Northern Territory. Discover how using fire stick techniques benefit the natural environment and local communities.

3. Your Teaching

20 minutes

Access a range of Cool Australia units of work and lesson plans that you can use straight away. Investigate traditional land management in your local area.

4. Reflection

15 minutes

Use a fun reflection tool to think about your learning and consider your next steps.

Further Study

No duration specified

After you've completed the course, you are welcome to explore these bonus lessons to deepen your learning.

About the team

Kirsty Costa - Cool Australia

Creator

Kirsty helps teachers grow in their profession. She is the Head of Professional Development at Cool Australia, inspiring hundreds of educators each year. Kirsty shares her 15+ years of teaching and training experience. In her courses, she creates a dynamic space for teachers to be creative and curious. She builds teacher confidence and makes information relevant, helpful and powerful. Kirsty also has a background in communication and talking to people about change.

Cool Australia

Creator

Cool Australia is an award winning not-for-profit dedicated to supporting educators with tools to foster 'learning for life'. We help integrate topics around sustainability, ethics, economics and wellbeing across the curriculum. This enables teachers of all age groups and disciplines to engage young Aussies in real-life learning whilst achieving Australian Curriculum and Early Years Learning Framework outcomes. Our accredited professional development is designed to build your confidence, understanding and expertise. You will learn through a mixture of practical and thinking activities as well as hearing the stories of others. Plus you will access a range of teaching tools that you can use straight away in your teaching.
