

## Teach Traditional Land Management

Presented by Kirsty Costa - Cool Australia, Cool Australia, This course is FREE with Online Subscription

Teach Aboriginal Cultures and Histories in Years 7 to 10 Geography by exploring traditional fire-stick land management techniques.

Format: Short Online

Audience: Year 7 to 10 Geography teachers, casual relief teachers and beginning teachers

### Description

Explore Aboriginal Cultures and Histories in Year 7 to 10 Geography by investigating fire-stick land management techniques. You'll find out about the tropical savannah of Northern Australia and how Indigenous rangers use fire to manage the land. You'll explore the benefits of fire techniques. You'll also learn how to help your students research local land management.

Watch videos and explore a range of teaching resources, documents and websites that you can use straight away. Download a course handout to refer to anytime. Once you've completed the course, you will be able to teach Year 7 to 10 Geography students about traditional land management and share your learning with others.

This course particularly supports

### Additional notes about this format

This course is an updated version of 'Cool Burning (Secondary)'
