 **Very special offer!!**

Powerpoints and PDFs are a popular tool utilised by teachers to present lesson information and content to their students. What if you could transform these presentation...

Format: Online - Individual

Audience: Educators & Teachers

Description

Add Zeetings to your classroom and your students will love you. This simple tool will transform your presentations.

Powerpoints and PDFs are a popular tool utilised by teachers to present lesson information and content to their students. What if you could transform these presentations by making them interactive and dynamic? Well you can, using Zeetings, which is a powerful presentation tool that empowers your students to get involved directly from their own device in real-time.

Zeetings allows you to run live Q & As; conduct real-time polls with 5 question formats; run a survey; do a class brainstorm and more. Students can also follow the slides as you present them and take notes so they don't miss a thing. All this interactivity is added directly into your presentation making for a more engaging and motivating lesson. Also, your students can use Zeetings for their presentations too!

This course will teach you how to use Zeetings, and how to create your own dynamic lesson content using the Zeetings' technology. Best practice ideas about how to get students involved and how to boost engagement in the classroom will also be shared.

Special Offer -

Enrol 1 full fee paying teacher at \$269 + GST to receive the following package for your school:

Zeetings

Creator

Transform your meetings, presentations, lessons and events by empowering everyone to participate from their own device.

Karina Barley

Presenter

Karen Barley is an internationally recognized educational consultant specializing in the needs of children with autism and their families. She has over 25 years of expertise as an educator, private one-on-one consultant, course developer and educational technology specialist.

Karen is especially successful connecting with children who have autism and creating behavioral, sensory and educational strategies that help children reach their full potential. Her highly personable style, combined with extensive research, knowledge and firsthand experience of the needs of children with autism, makes her extremely effective and innovative in tailoring individual solutions for families and their schools. Using new and existing approaches Karen integrates her pioneering work with iPad technology to create differentiated educational programs where children with autism can consistently experience success while learning.

In addition, Ms. Barley is an accomplished and engaging, sought after public speaker and teacher trainer. She has shared her significant insights and knowledge on such subjects as, Technology in Education, Technology and Autism, Autism Awareness, 21st Century Learning, Technology and Curriculum Development and other subjects in the United States, Australia and as a keynote guest speaker for international face to face and online conferences.

She is now undertaking her PHD and is a sessional teacher at Monash University.
