Description

This Staff Wellbeing Toolkit is designed to help you as a staff member in a school, whether you are an educator, administrator or support worker, to be your best possible self for students and the wider school community.

The Staff Wellbeing Toolkit is designed to help staff manage every day stressors throughout a 12-month period with both face to face workshops and online resources.

The face to face workshops are 3hrs in length and typically run as twilight sessions after a teaching day, eg 3-6pm. Three face to face workshops are planned for delivery, typically one each term. These workshops have the following themes:
