This Staff Wellbeing Toolkit is designed to help you as a staff member in a school, be your best possible self. This is session 3 - Peer Coaching

Format: School Consultancy

Audience: whole school

## Description

This Staff Wellbeing Toolkit is 12 month program designed to help you as a staff member in a school, whether you are an educator, administrator or support worker, to be your best possible self for students and the wider school community.

The Staff Wellbeing Toolkit is designed to help staff manage every day stressors throughout a 12-month period with both face to face workshops and online resources.

The face to face workshops are 3hrs in length and typically run as twilight sessions after a teaching day, eg 3-6pm. Three face to face workshops are planned for delivery, typically one each term. These workshops have the following themes:

1. Teacher Wellbeing - The 5 Dimensions of Wellbeing
2. Embedding Growth Mindsets - Building Resilience
3. Peer Coaching - Reflecting on Purpose & Progress

The online component offers participants further information and links to all research and resources discussed in the workshops including transferable links to student wellbeing resources. The online component also offers downloadable resources such as posters for the staffroom and activities that could be used in staff meetings to refresh concepts and maintain momentum for wellbeing routines.
