

Teach Indigenous Land Management Using Fire

Presented by Cool Australia

Incorporate Aboriginal Histories and Cultures in Year 7-10 Geography by exploring how traditional owners are using fire to manage the land.

Format: Online

Audience: Secondary Geography Teachers

Description

In this course, you will discover how John, an Aboriginal land manager, uses fire techniques to Care for Country. John works with scientists and farmers to reduce the impact of bushfires and protect communities. You will learn:

- How to use John's story to teach land management in Year 8-10 Geography.
- How to teach Aboriginal and Torres Strait Islander Histories and Cultures.
- How to access a range of lessons that will engage your students.
- How to make learning relevant by connecting to land management in your local area.
