

iPads in the Primary Classroom

Presented by Karina Barley

Explores how the iPad works. Looks at the huge realm of applications and how they link to the new Australian Curriculum. Aimed at primary and special education teachers...

Format: 2. Online

Audience: This course is suitable for teachers and Support workers in Primary and Special Education.

Description

There is a lot of press about the iPad and how this technology can make a difference to the classroom. Its design, functionality and capabilities certainly offer lots of possibilities for the education arena, however how effective is the iPad really as a teaching tool?

This course explores how the iPad works and looks at the huge realm of applications; & how they link to the new "Australian Curriculum" and provides opportunities for teachers to:

Learn how iPads work and hidden uses of the iPad.

Understand how applications can reflect curriculum & learning outcomes.

Learn how to incorporate iPads into your daily lesson plans

Develop the use of iPad applications as an assessment tool.

Appreciate the benefits for students.

This iPad course is different to any other as it demonstrates how using the iPad and applications can be implemented into the Australian Curriculum; and then links to classroom content through providing opportunities for practical lesson design and content.

Additional notes about this format

Teaching Standards

1.1.2 Proficient Level - Physical, social and intellectual development and characteristics of students

4.5.2 Proficient Level - Use ICT safely, responsibly and ethically

Are you in NSW? If so, this is relevant for you

Teacher Training Australia is endorsed to provide NESA Registered Professional Development for teachers accredited at Proficient and Lead Level

Brief outline of benefits of iPads, outcomes & possibilities in the Primary classroom.

Forum Question

iPad functions & short cuts

45 minutes

Applications - finding your purchased applications/troubleshooting problems/searching for applications.

Transferring photos - how this relates to assessment?

Screen shots - use for keeping records.

Applications - General overview, including screenshots, demonstration & video.

iPad applications

1 hour

Productivity Applications - including Pages,Keynote demonstration.

Popplet

Screencasting apps & their use in the classroom.

Applications, Video & opportunities to explore the apps.

Augmented Reality Apps

45 minutes

What is Augmented Reality?

How is this useful in the Classroom?

Aurasma

Using QR Codes in the Classroom

Creative Apps

1 hour

Looking at Creativity Apps for the Primary Classroom

Videoscribe

Grafio for Mindmapping

iMovie

Literacy Applications

1 hour

We explore a variety of apps in the Literacy arena including:

Pages

Spellboard

Montessorium Apps

School Writing & Literacy App by Demografix

Numeracy Applications

1 hour

We explore a variety of applications in the Numeracy arena including:

Mathboard

Montessorium Apps

Montessori Apps

Number Lines

Math Magic

Jungle Apps

Bugs & Buttons

Little Monkey Apps

Numbers League

About the team

Karina Barley

Creator

Karen Barley is an internationally recognized educational consultant specializing in the needs of children with autism and their families. She has over 30 years of expertise as an educator, private one-on-one consultant, course developer and educational technology specialist.

Karen is especially successful connecting with children who have autism and creating behavioral, sensory and educational strategies that help children reach their full potential. Her highly personable style, combined with extensive research, knowledge and firsthand experience of the needs of children with autism, makes her extremely effective and innovative in tailoring individual solutions for families and their schools. Using new and existing approaches Karen integrates her pioneering work with iPad technology to create differentiated educational programs where children with autism can consistently experience success while learning.

In addition, Ms. Barley is an accomplished and engaging, sought after public speaker and teacher trainer. She has shared her significant insights and knowledge on such subjects as, Technology in Education, Technology and Autism, Autism Awareness, 21st Century Learning, Technology and Curriculum Development and other subjects in the United States, Australia and as a keynote guest speaker for international face to face and online conferences.

She is now undertaking her PHD and is a sessional teacher at Monash University.
